Do you have a map showing where the 900' of fencing that HHWNC paid for will be installed? People are asking for information about where it will go and when it will be installed. I am also being asked, "what did we get for the \$7,919 we contributed to RAP at FORC's request in April 2014?". Do you have an accounting of what that paid for? Who at RAP would you suggest we question about this?
